When you visit our Web Sites and Applications, like when you visit most other web sites and applications, certain anonymous information about your visit is automatically logged, which may include information about the type of browser you use, the server name and IP address through which you access the internet (which identifies the company providing you internet access and general geographic information), the date and time you access the site, the pages you access while at our Web Sites, and the internet address of the web sites, if any, from which you linked directly to our Web Sites or Application. This information is not personally identifiable.

We may use the personally identifiable information collected through our Web Sites or Applications primarily for such purposes as:

- helping to establish and verify the identity of users;
- opening, maintaining, administering and servicing users' accounts or memberships;

We use the anonymous browsing information collected automatically by its servers primarily to help it administer and improve its Web Sites and Applications. We may also use aggregated anonymous information to provide information about our Web Sites and Applications to potential business partners and other unaffiliated entities. Again, this information is not personally identifiable.

DISCLOSURE OF INFORMATION

CHILL BEVERAGES does not provide personally identifiable information to unaffiliated third parties for their use in marketing directly to you. CHILL BEVERAGES may use unaffiliated companies to help it maintain and operate its Web Sites, Applications, payment processing, or for other reasons related to the operation of its business, and those companies may receive your personally identifiable information for that purpose. These companies may only use such personally identifiable information for the purpose or performing those functions and may not use it for any other purpose. We may also disclose personally identifiable information about you in connection with legal requirements, such as in response to an authorised subpoena, governmental request or investigation, or as otherwise permitted by law.

Additionally, a child's parent or legal guardian may request that the child's information be corrected or deleted from our files by requesting this via our page.

COOKIES AND ADVERTISERS

The CHILL BEVERAGES Web Sites and Applications server, or the servers of companies that are used to operate the Web Sites and Applications, may place a "cookie" on your computer or store data in your computer browser in order to allow you to use the Web Sites and Applications and to personalise your experience.

A "cookie" is a small piece of data that can be sent by a web server to your computer, which then may be stored by your browser on your computer's hard drive. Cookies and browser storage allow us to recognise your computer while you are on our Web Sites and Applications and help customise your online experience and make it more convenient for you. Cookies and browser storage are also useful in allowing more efficient log-in for users, tracking transaction histories and preserving information between sessions. The information collected from cookies and browser storage may also be used to improve the functionality of the Web Sites and Applications.

Most web browser applications have features that can notify you when you receive a cookie or prevent cookies from being sent. If you disable cookies, however, you may not be able to use certain personalised functions of the Web Sites.

RETARGETING AND ONLINE BEHAVIORAL ADVERTISING

Retargeting is a way to use non-personal information to remind you on other websites that you were browsing our Web Sites previously with the goal to bring you back to our site. CHILL BEVERAGES may use the non-personal information collected on its Web Site for online behavioral advertising purposes including retargeting and to customise ads to you when you visit other sites.

OPT OUT

In order to provide service to you, we may send you communications related to your transactions, security or the administration of the Web Sites or Applications. From time to time, CHILL BEVERAGES and its affiliates may also wish to send you other messages or updates about our Web Sites and Applications, our affiliates, or their promotions and other activities. If you do not wish to receive non-transaction/security related communications from us or our affiliates, please send an email containing your request via our home page.
